Clipart By: Scrappin' Doodles

Dear Buyer,

Included in the pack of Literacy Workstation Task Cards are:

- ABC/ Word Study Task Cards

*You can find the COMPLETE packet of Literacy Task Cards in my Teachers Pay Teachers Store:

<http://www.teacherspayteachers.com/Store/Morgan-Simonedux>

I would suggest printing the Task Cards onto cardstock and laminating. This will ensure that the cards are durable and will be able to last longer. I then punched a hole in the top left corner of my cards and put a ring through the hole. Afterwards, I placed the cards in my workstations for my students to be able to assess quickly for ideas on what to do at each workstation!

In addition, I have included blank cards at the end of the set. This will allow you to create your own cards for the specific tasks that you would like your students to complete that may not have been included.

Please email me and let me know if you have ANY questions or concerns! I would be more than glad to help!

Thanks SO much for your purchase,

Morgan Simonedux
